

Testimonials

Mrs. Anna Tan

I have been going to Dr. Ada Cheng since 2001, my children since 2006. Ada is a dedicated doctor who genuinely cares about her patients' eye health, their thoughts and inputs, and makes a genuine effort to get to know them as friends.

I once lost one contact lens down the drain while on holiday for the summer in the US, and I called Ada's clinic frantically, forgetting the time difference and the fact that I was calling at 2 in the morning, Hong Kong time. Thoughtfully, Ada has all after hour calls routed to her personal number or her associate's, and her associate was as efficient and accommodating as though I had called the office at regular hours. They arranged to ship me a replacement lens at the soonest possible time. That is service above and beyond that which is reasonably expected.

I have been wearing contacts for more than 25 years now, but none have been as comfortable and expertly fitted to my eyes and their particular needs as those Ada has prescribed. Dr. Ada Cheng and her associate are professional, competent, and compassionate, and I highly recommend them to anyone in search of excellent eye healthcare.
