

Mrs. Linda Wolfe

Dr. Ada Cheng came recommended to me as I searched for an optometrist for new contacts and glasses. Dr. Cheng and her office did not disappoint. She is extremely professional, put me quickly at ease, and genuinely cares for my eyes. Dr. Cheng took her time fitting me for new contacts, and making slight adjustments until she was satisfied. My contacts are very comfortable, and my vision at all distances (short and long) is wonderful. Dr. Cheng's attention to detail and caring follow up made me feel valued as a customer. I highly recommend Dr. Cheng for all vision needs.
